

# CHRISTIAN ALVERIO

Coral Springs, FL | (954) 589-3159 | christianjalverio@gmail.com | christianjalverio-del.github.io

## SUMMARY

---

Highly motivated lifelong learner with 1.5+ years of call center and technical support experience, walking customers through account and technical issues calmly and efficiently while maintaining strong first-call resolution habits. Brings that same patience to troubleshooting hardware and networks independently, having built and administered a full home server and network infrastructure from individual parts. Hold CompTIA A+, Network+, and Security+ certifications, and bilingual in English and Spanish. Looking for a help desk role that puts both the people skills and the hands-on troubleshooting to work.

## CERTIFICATIONS

---

CompTIA A+ — Issued May 2026, valid through May 2029

CompTIA Network+ — Issued May 2026, valid through June 2029

CompTIA Security+ (SY0-701) — Issued June 2026, valid through June 2029

Google Cybersecurity Professional Certificate — Issued March 2026 (Coursera)

## TECHNICAL SKILLS

---

Hardware & OS Support: PC/server hardware builds and upgrades, Windows/Linux troubleshooting, peripheral and network device setup and configuration

Networking Fundamentals: TCP/IP, DHCP, DNS, VPN setup, firewall basics, home/small-network administration, remote/out-of-band management tools

Ticketing & Customer Support: Salesforce CRM, Genesys call platform, case documentation, escalation procedures, first-call resolution

Other: Bilingual (English/Spanish), technical documentation, Microsoft Office (Word, Excel)

## EXPERIENCE

---

### Customer Service Agent — Ally Bank / GMAC Financial Services — Miami, FL

Feb 2025 – Present

- Resolve account-access and technical issues for banking customers via high-volume inbound calls, using Salesforce CRM to document cases and track resolution.
- Guide customers through online and mobile banking platforms, troubleshooting issues and educating them on digital self-service options.

### Member Experience Agent — NationsBenefits — Miami, FL

Sep 2024 – Feb 2025

- Supported members with benefit and account inquiries via inbound calls, maintaining accurate documentation in compliance with company and industry policy.
- Acted as a liaison between members and insurance providers, clarifying policy details and resolving billing questions.

### Cashier — Chipotle Mexican Grill — Sebring, FL

Jan 2022 – Aug 2022

- Delivered consistent customer service and managed transactions across multiple systems in a fast-paced team environment.

## PROJECTS

---

### Home Network Security Lab — Independent Project

2026

Full technical write-up, network topology, and screenshots: [christianjalverio-del.github.io](https://christianjalverio-del.github.io)

- Built and administer a home server rack (firewall, network storage, virtualization host) from individual components, including hardware assembly, cabling, OS installation, and network configuration.
- Independently diagnosed and resolved hardware, permissions, and connectivity issues, applying systematic troubleshooting from first principles.

## EDUCATION

---

### Florida International University

Expected Graduation: 2027

Bachelor of Science, Cybersecurity
